SUMMARY

Sophomore Computer Engineering undergraduate at Institut Teknologi Sepuluh Nopember (ITS) with a strong interest in hardware development, particularly Internet of Things (IoT) and Project Management. Recognized as Top 9 finalist in the National Mathematics Olympiad (OPTIKA) 2022, demonstrating strong analytical and problem-solving skills. Experienced in organizational activities, with proven adaptability, effective communication, and teamwork abilities in collaborative environment.

EDUCATION

INSTITUT TEKNOLOGI SEPULUH NOPEMBER **Surabaya, Indonesia**

Computer Engineering **2024-Present**

Relevant Coursework: (1) Linear Algebra, (2) Basic Programming, (3) Differential Equations and Series, (4) Advanced Programming, (5) Digital Signal Processing, (6) Data Structures and Algorithm Analysis

ORGANIZATIONAL EXPERIENCE

HIMPUNAN MAHASISWA TEKNIK KOMPUTER ITS (HIMATEKKOM ITS)

Internship staff of Research and Professional Development Department **Sep 2025-Oct 2025**

- Served as Master of Ceremony (MC) for Scientific Writing Training Events, ensuring smooth program flow and audience engagement
- Disseminated scientific competition and academic contest information to internal organization members
- Assisted and guided students interested in participating in scientific and academic competitions, including initial preparation and coordination

Vice Head of Event Student Orientation OKKBK 2025 **Jun 2025-Aug 2025**

- Designed the event concept and activity flow to ensure clear objectives and smooth execution
- Developed detailed event rundown and scheduling aligned with program goals
- Conducted internal committee briefings prior to the event to align roles, responsibilities, and expectations
- Monitored and supervised event execution in real time, ensuring adherence to the plan and resolving on site issues

Staff of Event Multimedia and Game Event (MAGE) 11 **Feb 2025-Nov 2025**

- Developed event concepts and detailed rundowns for opening sessions, workshops, and main event
- Served as Master of Ceremony (MC) across all program segments, ensuring clear delivery and smooth transitions
- Led internal committee briefings to align the team on event flow, technical details, and responsibilities
- Ensured the smooth execution of all event segments, maintaining alignment with the planned rundown and objectives

DIRECTORATE OF STUDENTS AFFAIR ITS

Mentor of ITS CAMP 2025 **Jul 2025-Aug 2025**

- Mentored 20 first-year students, guiding them to better understand the campus environment, academic culture, and student life
- Provided ongoing support and guidance to help new students adapt to university life and organizational activities

HUMANOID ROBOTICS RESEARCH TEAM "ICHIRO" ITS

Internship staff of Mechanical Division **Jul 2024-Sep 2024**

- Studied and evaluated suitable materials for robotic systems based on functionality, durability, and performance requirements
- Analyzed and measured robot system requirements to ensure optimal operational performance
- Designed robotic components to meet functional specifications and performance objectives
- Learned to integrate electrical systems with mechanical structures, ensuring compatibility between circuit, sensors, and the fabricated frame

PROJECT

DIGITAL CIRCUIT

Design and Implementation of a Vending Machine Using Logical and Sequential Circuits **Dec 2025**

DATA STRUCTURES AND ALGORITHM ANALYSIS

Route Optimization on Dynamic Maps Using Dijkstra's Algorithm **Oct 2025-Dec 2025**

ROBOTICS MECHANICAL DEVELOPMENT

Crane with Integrated Mechanical and Electrical Control Systems **Sep 2025**
Design and Manufacturing of a Custom Material-Based Product **Aug 2025**

AWARDS

NATIONAL MATHEMATICS OLYMPIAD (OPTIKA) 2022 **Dec 2022-Feb 2023**
TOP 9 FINALIST

ADDITIONAL INFORMATION

- Language : Bahasa Indonesia, English
- Technical Skills : Microsoft Office, Python, Google Workspace, Figma, Canva, Autodesk Inventor, Adobe Premiere Pro, Proteus
- Soft Skills : Learning Agility, Problem Solving, Adaptability, Communication, Teamwork
